Journey from Vision to Reality

ISSUE 1

JULY 2026

St Perpetua Hospital Emerges..

As the year 2026 began construction workers laid the foundations for the new hospital in Abajah, Nwangele Orlu, Imo State, Nigeria. Thanks to their skill and hard work the building was almost up to roof level within six months, standing ready to withstand the coming rains. We thank Bishop Augustine, Orlu Diocese and Bishop Nicholas of Plymouth Diocese as we continue to hold this work in prayer.

Interim report (02 07 26)

Engineer Emaka:

'Upon completion, the hospital will significantly strengthen healthcare delivery within Abajah and neighbouring communities by providing essential medical services, including maternal and child healthcare, emergency care, disease prevention and management, outpatient services, and other primary healthcare interventions.'

Right now parishes in seven dioceses across the UK enjoy the ministry of priests from Orlu Diocese.
